Product Description

EnerJet EV Charge charging station offers Electric Vehicle owners an opportunity to charge their car safely and quickly.

EnerJet EV Charge combines industry standardization with advanced charging technology to support next-generation electric vehicles.Its multi-protocol design allows for easy tailoring to support Chademo and CCS1 &CCS2 and Tesla for DC fast charging applications.Payment &billing platform solutions enable easy and secure payments via station

Main Features

* Built-in safety measures
* Galvanized cabinet
* User-friendly interface
* Flexible multi-protocol design
* CHAdeMO and CCS1 protocol compatible
* OCPP1.6
* Durable enclosure
* Wide temperature range:-20℃ to +60℃
* Data management and metering options

Technical Specifications

Details		
OUTPUT		
	Output Power	30KW
	Output Range	150-1000VDC
INPUT	Input	480, 3 PHASES
DIMENSIONS AND WEIGHT	Dimensions	27.5x18.8x29.7mm
	Weight	200kg
OTHERS	Protection degree	IP54
	Warranty	2 Years
	Starting mode	Swipe card
